

UPS-SMNP-KPM220

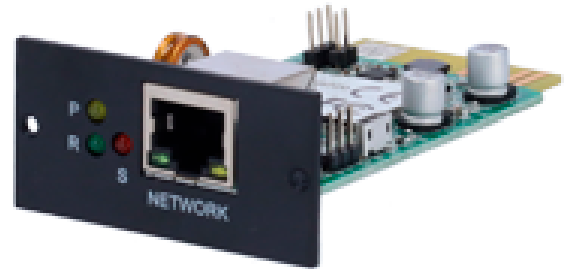

Network SNMP card for UPS
monitoring

For installation in UPS slot and
network connection

Compatible with Windows, Mac, Linux
UPS management via HTTP, SNMP
and TCP/IP

ARM CPU 300MHz 32-bit

64M SDRAM Byte

Network SNMP card for UPS monitoring
For installation in UPS slot and network connection
Compatible with Windows, Mac, Linux
ARM CPU 300MHz 32-bit
UPS management via HTTP, SNMP and TCP/IP
128M NAND FLASH Byte
64M SDRAM Byte

Specifications

CPU	ARM 300MHz 32-bit
SYSCLK	300MHz
Flash memory	128M NAND FLASH Byte
SDRAM	64M SDRAM Byte
LAN port	10/100M UTP
Operating system	Windows, Mac, Linux
Functioning	Allows programmed UPS startup/shutdown Allows programmed battery discharge Allows UPS shutdown in case of an event Supports SSL/TLS encrypted messages
Dimensions	26 (H) x 52 (W) x 81 (D) mm
Weight	43g
