UNI-TREND UT118B

Pencil type digital multimeter - LCD screen - DC and AC voltage measurement up to 300V - Resistance and capacitance measurement - Buzzer for continuity test | Diodes test - Electric field (EF) detection

- UNI-T
- Digital multimeter CAT II 600V/ CAT III 300V pencil type- LCD backlight display up to 3000 counts
- DC and AC voltage measurement up to 300 V
- Auto SCAN and range identification mode
- Resistance and capacitance measurement
- Buzzer for continuity test
- Electric field (EF) detection by approximation
- Diode test
- NCV (non-contact voltage) function
- Automatic shutdown
