UNI-TREND UT12M

Non-contact AC voltage detector - High and low voltage mode up to 1000 V - Audible warning and visible LED - Automatic shutdown - Low charge indicator - Optical magnetic field signaling

- UNI-T
- Non-contact AC voltage detector CAT IV 1000V
- Wide detection range 24~1000V
- Audible warning and visual LED
- Automatic shutdown
- Low charge indicator
- Low-load optical signaling
