UNI-TREND UT267B

Three-phase current clamp meter - LED backlit display - Measurement in AC up to 600V and 20A - Active, reactive and apparent power measurement - Power factor and phase angle measurement - Memory for data storage

- UNI-T
- Three-phase clamp meter CAT II 600V/ CAT III 300V
- LED backlit display
- AC current measurement up to 20 A
- Measurement of AC voltage up to 600 V
- Frequency measurement 45Hz~65Hz
- Active power measurement up to 12 kW
- Reactive power measurement up to 12 kVAR
- Apparent power measurement up to 12 kVA
- Power factor measurement -1~+1
- Phase angle measurement up to 360°
- Storage of up to 99 data
- Auto range
- Blocking of securities
- Communication via RS-232
- Automatic shutdown
- Low battery indicator
