Vibration meter - Measures Accelerations, Speeds and Displacements - Use in rotating and reciprocating machinery - Display of 2000

- UNI-T
- Vibration meter for rotating or reciprocating machinery
- Measurement of accelerations (O-P) up to 199.9m/s²
- Velocity measurement (RMS) up to 19.99cm/s
- Measurement of displacements (P-P) up to 1.999mm
- Data blocking
- Low battery indicator
- Automatic shutdown indicator
- Display of 2000 accounts
